VOLUME CX.-NO. 99

ALEXANDRIA, VA. SATURDAY EVENING, MAY 1, 1909.

PRICE 2 CENTS

## The Story of a Medicine.

Its name—"Golden Medical Discovery"—was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for this purpose, extract from our most valuable native medicinal root their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the list of its ingredients, printed on every bottle wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strongest endorsement from the leading medical experts, and the fact that it is made from these roots is a guarantee of its purity and effectiveness. It is a medicine that is not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompanied with catarrhal discharges, hoarseness, sore throat, laryngitis, or hang-over-coughs, and all those wasting affections which, if not promptly and properly treated, are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint you. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It will cure the affections that lead up to consumption, if taken in time.

[Entered at the Postoffice of Alexandria, Virginia, as second-class matter.]

## KILLED BY STORMS.

One hundred and sixty-seven persons are known to have been killed, 2,000 have been injured, millions of dollars' worth of property and crops have been destroyed, whole villages have been swept out of existence, and the means of communication and transportation completely demoralized, by the terrific storms which swept north and northeast through the Mississippi valley, from Wednesday night until yesterday.

Tornadoes, snow, sleet, rain, hail, lightning, and floods are among the features of the remarkable storm, which seemingly beginning in the tornado belt of Arkansas after a sultry afternoon, swept through Mississippi, Alabama, Georgia Tennessee, Illinois, Wisconsin, Indiana, Ohio, Pennsylvania and New York, causing a tidal wave on the Great Lakes and at least one shipwreck.

Dispatches say that snow was falling yesterday in the Panhandle section of northwest Texas after the hottest day of the year, and a cold wave is in the wake of the hail and wind storms which were general Thursday night from the Rockies to the Allegheny Mountains.

Details from last night's storms in the Mississippi valley indicate the death toll will total more than 100. The number of seriously injured is large. One estimate places the total more or less hurt at 2,000. The greatest loss of life was in Arkansas where the Oklahoma line to Tennessee. Only a few weeks ago a tornado killed and injured many in the Arkansas border, but not in the towns that were struck Thursday night. Brinkley, in east central Arkansas, lost most a few weeks ago, while, Thursday night, Centerville is reported to have suffered most; twenty persons being killed.

## Object to Strong Medicines.

Many people object to taking the strong medicines usually prescribed by physicians for rheumatism. There is no need of internal treatment in any case of muscular or chronic rheumatism, and more than nine of every ten cases of the disease are of one or the other of these varieties. When there is no fever and little (if any) swelling; you may know that it is only necessary to apply Chamberlain's Liniment freely to get quick relief. Try it. For sale by W. F. O'Leigh and Co. and Richard Gibson.

## WANT WHITE SUPREMACY.

White supremacy along the lines of President Taft's inaugural address, that the negro shall not hold public office in communities where it arouses public dissent, local opinion, with protection of the "dry" territory from the "wet," and high license in the city, abolition of the poll tax as a prerequisite to voting, a better system of taxation, and the election of the state corporation commissioners by the people, will be the principal features of the republican platform to be adopted in Virginia at the Newport News convention next July, according to the opinion of Representative Bascom Slemph, of the Ninth Virginia district, and chairman of the republican state committee.

Mr. Slemph has returned to Washington from a trip to Virginia, where he held a conference with the leaders and sounded public sentiment regarding the gubernatorial contest. He also has held several conferences with Postmaster General Hitchcock and the president to discuss the Virginia fight.

Following his interview with the president at the White House Thursday, Mr. Slemph said yesterday that the president regards the election in Virginia with the greatest importance, as it is the only one to be held this year in the southern states.

Mr. Slemph stated that he has talked with many party leaders in Virginia, and while no attempt will be made to forestall the action of the Newport News convention, he found sentiment crystallizing along certain definite lines.

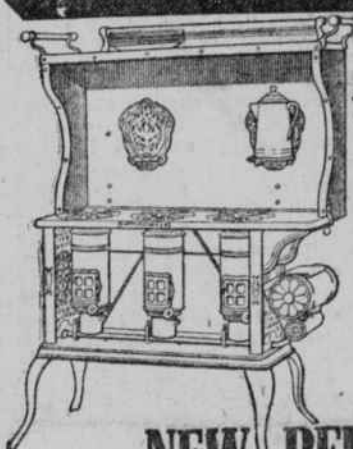

## MYSTERIOUS DEATH.

H. L. Roeder, nineteen years old, was found dead with a bullet wound in his heart at the home of Miss Leona Leviston, in Elkhardt, Ind., yesterday morning. A brother of the young lady says he called to tell his sister good-bye, and shot himself before she appeared in the parlor. The father of the dead youth has asked the coroner to investigate, and refuses to accept the theory of suicide.

It appears that Roeder had been forbidden by the parents of Miss Leviston to enter the house or to see their daughter. When the officers arrived they found a 32-caliber revolver by the side of the dead youth. It has not been identified, and the mystery has been deepened by the finding of the young man's pistol in the pocket of a coat at his home, more than a mile away.

John Roeder, the father, says his son had but one pistol, and that the weapon found by his side in the Leviston parlor with one chamber empty did not belong to him. The Levistons deny that they ever saw the pistol before. The coroner is completely at sea in the matter, but is trying to find some one who can say to whom the pistol belonged.

FOR SALE. One of the most DESIRABLE HOMES in Alexandria, every room in having Southern exposure and with a large lot. Call on owner, 111 North 2nd St. apr22 1w

## Don't Heat the Kitchen

All the necessary family cooking may be done as well on a New Perfection Wick Blue Flame Oil Cook-Stove as on the best coal or wood range. By using the "New Perfection" Oil Stove, the annoyance of an overheated and stuffy kitchen is entirely avoided, even in midsummer. The scientific construction of the

## NEW PERFECTION

## Wick Blue Flame Oil Cook-Stove

ensures quick work and a cool kitchen. The "New Perfection" has a substantial CABINET TOP for warming plates and keeping food hot after it is cooked. Also drop shelves on which to set small cooking utensils—every convenience, even to bars for holding towels.

Made in three sizes. Can be had either with or without Cabinet Top. If not at your dealer's, write our nearest agency.

The **Rayo Lamp** is substantially made of brass, finely nickel-plated and very handsome. Gives a powerful light and burns for hours with one filling. Portable, safe, convenient—just what every home needs. If not with your dealer, write our nearest agency.

STANDARD OIL COMPANY (Incorporated)

# MOUNT IDA

Is the new subdivision between Washington and Alexandria. The W. A. & Mt. Vernon Electric Railway runs through the property. It is situated on a high elevation overlooking the city of Washington, and is a most beautiful situation for suburban homes. Only 15 minutes to the heart of Washington—Twelfth and Pennsylvania Avenue. We are putting in first-class granolithic walks, grading and graveling the streets and building our own waterworks, which will be supplied with spring water situated on the property. While we are putting in all these improvements we are still going to sell lots at about 25 cents on the dollar of what some others are charging for lots that cannot compare with ours. We will commence the sale now soon, and will start these beautiful lots at \$100 up—\$10 cash and \$5 per month. The price will be advanced to 10 per cent per month until they are closed out. We commence at this low price to enable the early buyers to always be certain of being able to sell at a good profit in case they wish to do so, as the company will have no lots for sale after the first month, except at an advance of 10 per cent. We can give you any size lots, from the small size to several acres, if desired. Stop paying rent and build yourself a house at Mount Ida. If you want help to build, we can arrange this for you. We want everyone to come out and look at the property and the improvement now being put in. If you cannot come and will drop us a line, we will have our agent call on you and explain plan. Ask the conductor to stop at Mount Ida Station—the new \$1,000 station at Mount Ida. Someone will be there to show you over the property. The Company's office is in the station. To those who are living at a distance, but who cannot come now, but who would like to get in at the low prices at the opening, we will use our best endeavors to select the best lots at prices desired and will allow the privilege of exchange at any time if lots should not please. Write for price lists and contracts.
